ITEM 2 – RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Firm offers investment advisory services to retail investors on a discretionary and non-discretionary basis. Our Firm monitors your investment advisory accounts, and specific investments within accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm's standard advisory services. Our Firm requires a minimum portfolio value of \$250,000 in order to provide advisory services to you. This minimum portfolio value requirement is negotiable. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. In a non-discretionary account, you have not granted written trading authority to your Financial Professional, and he or she will consult with you before executing trades in your account, as the retail client, you make the ultimate decision regarding the purchase or sale of your investments. If deemed appropriate for you, our Firm will recommend utilizing an independent Third Party Money Manager ("TPMM") to aid in the implementation of investment strategies for the client's portfolio. In addition, our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis, to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations. Our Firm provides general investment recommendations, on a limited basis to our clients.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee can be up to 2.00%, billed in advance on a quarterly basis. The agreed upon annual advisory fee you pay is outlined in the Investment Advisory Agreement. You pay this fee even if you don't buy or sell investments. The more assets in your advisory account, the more you will pay in fees, and therefore, the Firm has an incentive to encourage you to increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. Fees for stand-alone financial planning services range from \$1,000-\$10,000 for the first year in which a comprehensive financial plan is delivered. Fees and billing methods are outlined in each respective TPMM's Brochure and Advisory Contract. You pay an on-going fee directly to the TPMM based upon a percentage of your assets under management with respect to each TPMM. Fees for consulting services are negotiated on an hourly or fixed dollar amount. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments,
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional. Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. An example where an asset-based fee compensation poses a conflict would be advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. There is a conflict of interest when our Firm utilizes a TPMM because we receive additional benefits from the TPMM that are not available to us from similar TPMM's. To minimize this conflict, our Firm will make our recommendations and selections of TPMM's that are only in the best interest of our clients. Our firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. However, all our Financial Professionals personal securities accounts are supervised on an ongoing basis. Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our Firm's Financial Professionals are compensated by the investment services fees as described above in Item 3- Fee section. Financial Professionals compensation is based on the amount of assets they service, the amount of time spent, and the complexity required to meet the client's needs or revenue based on the recommendations provided by our Financial Professionals. Some of our Financial Professionals are insurance licensed and receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. However, you have the right to decide whether to act on the recommendation. We recognize our duty to place your interests first and have established policies in this regard to avoid any conflicts of interest. When our Financial Professionals act as a registered representative of a broker-dealer, our Financial Professionals receive commissions in connection with the transactions made in your account. To mitigate this conflict and, if applicable, our Firm will reduce a portion of our fees by the amount of the brokerage commissions earned by our Financial Professionals. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
